# How to Use This Brand Guide

On behalf of I Live Here I Give Here and the entire Central Texas nonprofit community, thank you for taking part in Amplify Austin Day.

2024 will mark the 12th Amplify Austin Day. Since the beginning, Amplify Austin Day has changed the way Central Texans think about giving back locally. And in 2023, we reached a profound milestone of over \$100 million raised. This is the power of collective giving!

The following brand guide is a resource built for everyone participating in the promotion of this special campaign: nonprofits of all sizes, community groups, businesses, fundraisers, and individuals. We wanted to create a robust toolkit that can help anyone with ease, no matter their time or capabilities. There are tools that require no editing and are ready to go as is, simple-to-edit Canva templates, and Illustrator files for more advanced users. We even offer most assets in both English and Spanish.

As a reminder, the I Live Here I Give Here team is responsible for all mass marketing on behalf of you and the campaign. We arrange all media partnerships, major advertising, and press. This is by design, so you can focus on informing and activating your own network.

If at any time you have questions or need support, please reach out. We want you to feel confident and successful this Amplify Austin Day. Good luck, friends!

With gratitude,

Robynne Parkington  
Sr. Director of Marketing, I Live Here I Give Here

Stacked Horizontal Logo

Horizontal Logo

A note on usage: The “I Live Here I Give Here” bubble must always appear with the “Amplify Austin Day” as seen on this page.

These elements may not be separated.

# City Logos

[Link to City Logos](#)

Amplify Austin Day is a Central Texas wide event. However, we know that some communities prefer to add their own local branding to their campaign. We have created city specific logos for many communities outside of Austin proper.

If you do not see your city in the linked folder, please contact [Robynne@ILiveHereIGiveHere.org](mailto:Robynne@ILiveHereIGiveHere.org)

# Illustration Usage Examples

Use illustrations to bring attention to and add playfulness to headlines.

Use illustrations + shapes to highlight impactful text.

Leverage shape combinations if the negative space allows.

Add illustrations to negative space when appropriate.

Corners and edges are great places to have illustrations bleeding off the edge.
